Practicality and Versatility

- Versatile deck lay-out; ideal for recreation, light fishing and transportation of goods.
- Two lockable storage compartments in the boat and one below the aft bench to keep everything in its place.
- Convertible bow area transforms from relaxing sun lounge to large free area ideal for carrying larger items.
- Spacious enough to accommodate 5 persons.

FEATURES & BENEFITS

Design & Comfort

- Modern hull design ensures agile and swift steering reaction.
- The cushions are compact and take little storage space. The cushion fabric has a pleasant feel and is easy to care for.
- For those who are looking for more power, an engine of max 60 hp can be installed.
- Large dashboard gives you the possibility to accommodate electronics that vary in size.
- Connectivity to tablets or smartphones via 12V plug and secure electronics cradle.

Your Safety First

- The high cockpit depth and anti-slip floor accompanied with ergonomically placed handrails guarantee security for children and adults when seating or moving around the boat.
- Large windshield provides extra weather protection and good visibility.
- Convenient swim platforms and integrated swim ladder provide a secure entrance into the boat.

Easy Maintenance and Transportation

- Easy to get in and out of the water due to the strong secure hooks. The light design makes it easy to trailer the boat.
- Ample gates provide good access to the electrical systems and to the service compartment.
